## Support Walk for Schools As We #MoveForwardTogether

Traditionally at this time, students recognize their academic journey with a walk to collect their hard-earned diplomas. Every step symbolizes movement to end one chapter and commence another.

**Walk for Schools** is a virtual, commemorative adaptation. We've collected Words of Wisdom from leaders in our schools and community to commemorate every student's academic journey, from Kindergarten through graduation.

**Will You Help Us Move Forward Together?**

**Donate Now & Double Your Impact!**  
Your donation will be matched up to \$25,000!

[Donate to Walk for Schools](#)

The annual Spin for Schools event, scheduled for Saturday, March 21, was paused because of school closures and San Diego county's stay at home order.

The generous support from our sponsors is critical to helping us adapt hands-on learning and interactive programs in music, science labs, leadership experience and more during COVID-19 and when our students reintegrate to classrooms.

All funds raised through Walk for Schools will supplement those raised from Spin for Schools.
