February 3, 2021

Rendering of Cuyamaca College's Student Services Building

A groundbreaking ceremony will be held Thursday for Cuyamaca College's new Student Services Building at 900 Rancho San Diego Parkway in El Cajon. Construction cost is estimated at \$34.2 million.

The Student Services Building and Central Park improvements will include a three-story, 36,000-square-foot building that will centralize all student services departments, including Counseling, Financial Aid, Admissions, Disability Support Programs and Services, Extended Opportunities Programs and Services and CalWORKS.

Gafcon is project manager for the project, HMC is the architect and Soltek Pacific is the builder. Completion is set for summer 2022.
